Subject - Appointment of an Assistant Farm Manager to the Municipal Sewage Farm

---

With reference to our letter No L 113-19/ M 11-41-55 dated 26th May 1942, regarding the temporary establishment in this Municipality I have the honour to state that the Municipal Council while according sanction to the continuance of the several temporary establishments for the year 1942-43 referred to the Managing Committee the question of making them permanent on the lines of instructions contained in G O No L10396-10407/M 117-41-28 dated 30th April 1942 The proposals were then placed before the Managing Committee to go into the question of making the several temporary establishments permanent The Managing Committee in their meeting held on 18th August 1942 approved of the several proposal made by the President on the proposition statement placed before them and recommended them sanction to the Council (Resolution enclosed) The Municipal Council also approved of the Committee's recommendation in their Resolution No 139 dated 30th August 1942 Copies of the Committee's and Council Resolution are herewith enclosed for the information of Government

In accordance with the above Resolution a separate report is being made to Government along with the proposition statement in respect of each of the temporary establishments

In the meanwhile I am enclosing herewith an extract of the portion relating to the Sewage Farm from which it will be seen that the

post of Chemist on Rs 100/- is proposed to be abolished and in lieu of this an Assistant Farm Manager on Rs 40-5-50 plus the usual conveyance allowance is proposed to be appointed This Farm Manager will look after the manufacture of compost which has now become standardised and he will also pay special attention to the vegetable section where the volume of work has increased very much on account of the drive for increased food-production and the planting of nearly 80 acres of land in the Municipal Sewage Farm with vegetables As the vegetables are already ready for the market I request that immediate sanction may be accorded to the appointment of an Assistant Farm Manager on Rs 40-5-50 plus the usual conveyance allowance in lieu of the Chemist It is proposed to borrow the services of one of the officials of the Gardens' Department for this post The daily income from vegetables is now from 5 to 30 rupees and perhaps it may be even more It is therefore necessary that a responsible man is given to assist the Farm Manager for running the vegetable sales stall I may add that the system of - delivering of Farm Vegetables to the houses of permanent customers has been working well and the number of our subscribers is increasing It is therefore necessary to strengthen this vegetable section immediately as the Manager cannot find time to pay sufficient attention to this department where the volume of work is increasing I therefore request very early sanction to the proposal

I have the honour to be
